

# *IT Energy Efficiency and Bottom Line Impact*

**AE BUSINESS SOLUTIONS and  
FOCUS on ENERGY Webinar**  
May 26, 2010  
11:30-12:30 CST

Join **AE Business Solutions** and **Focus on Energy** to hear a complimentary and timely webinar on the impact of IT energy efficiency. Many Wisconsin companies are turning to IT energy efficient projects to reduce operating costs and gain access to available funding from Focus on Energy. The webinar will provide an update on available incentive programs and share energy savings with bottom line impact for specific implemented projects.

## **Focus on Energy:**

Focus on Energy works with eligible Wisconsin residents and businesses to install cost effective energy efficiency and renewable energy projects. Focus information, resources and financial incentives help to implement projects that otherwise would not be completed, or to complete projects sooner than scheduled. Its efforts help Wisconsin residents and businesses manage rising energy costs, promote in-state economic development, protect our environment and control the state's growing demand for electricity and natural gas. <http://www.focusonenergy.com>

## **AE Business Solutions:**

Founded in 1949, AE Business Solutions is a specialist IT services and solution provider that works with Wisconsin organizations to deliver their IT vision. We apply our expertise in data center, networking, and application technologies and unique skills in consulting integration, and project management to create customized solutions. <http://www.aebs.com>

## **Who should attend:**

IT Executives, Directors and Managers IT other personnel who are responsible for reducing energy consumption in their IT and Data Centers.
